December-04	E60/E63	CIP 15.0 (Target data Status E060-04-09-555)		
October-04	E60/E63	CIP 13.3 (Target data Status E060-04-09-504)		
September-04	E60/E63	CIP 13.2 (Target data Status E060-04-09-504)		
June-04	E60/E63	CIP 12.0 (Target data Status E060-04-06-500)	Last Time DME was updated, RDS coded OFF	
April-04	E60/E63	CIP 11.0 (Target data Status E060-04-03-505)		
January-04	E60/E63	CIP 10.1 (Target data Status E060-03-12-527)		
December-03	E60/E63	CIP 10.0 (Target data Status E060-03-12-525)		
Red = New since last report				
Green = versions installed on my car				
* First reported use date if the official SIB Bulletin date is unknown.				
Notes:				
1) Not ALL updates contain changes to a specific series. - i.e coding changes for new features on new models, changes to work with diagnostic software				
2) New features are not included in the SIB - may be available via other BMW source or from user reports on forums				
3) BMW has changed format of PROGMAN SIB to include only 2 previous version info - formerly they went back to SOP				
4) Service personnel often truncate version number based on diagnostic & update equipment that display the version info i.e. v30.00.02 will be reported as 30.2
